COMMUNITY USE OF SCHOOL FACILITIES - RULES FOR USE OF FACILITIES

Once a facilities use request has been approved and any invoice for facilities use paid, the following rules will apply to all activities hosted in school facilities:

1. Permission to use school facilities can be revoked or denied when such action is in the best interest of the school division. Failure to provide adequate safety and security during an event or failure to properly monitor an event so conduct becomes disorderly or unlawful will result in revocation and future denial of use of school facilities by the individual, group, or organization. As stated previously, use will be revoked or denied if any school-sponsored activity is rescheduled on a date previously assigned for a non-school-sponsored activity.
2. All school facilities will be left in the condition in which they were found. Users are expected to pick up trash and sweep/dry-mop floors at the end of each event or activity. Additional clean-up fees will be charged if the principal of the school determines the need exists. The user will be billed by the hour for such service at an overtime rate.
3. For a user to have access to the kitchen or cafeteria space to provide meals, snacks, non-alcoholic beverages, etc., a member of the school's cafeteria staff must be present to oversee all such usage for the duration of the event or activity. The user will be billed for each hour of such service at an overtime rate.
4. Food or drinks will only be permitted in the cafeteria space UNLESS advance approval in writing is provided for food or drinks to be available in the gym or other commons areas as part of the approval of the facilities use request. Food or drinks are NOT permitted in the library, hallways, or in classrooms at any time.
5. The user will ensure that all persons in attendance at the event or activity will only use the portions of the school facilities approved for use in the facilities use request. The user will ensure the event or activity begins on time (not before the scheduled use of the facility) and ends on time (all persons must be gone from the facility by the scheduled end time).
6. The user will remain outside the facility with any minor child (child under the age of 18) if the child is still waiting to be picked up after the event or activity has ended.
7. Animals (other than service animals) may only be inside the school facilities if prior approval in writing was provided as part of the approval of the facilities use request. The user will ensure that any property or area used by animals will be appropriately cleaned at the end of the event or activity.
8. No storage space will be available for the user. Any signs, banners, equipment, or other items used for the event or activity should not cause damage or defacement of school property. Additional fees will be charged to correct any damages caused to school property.
9. The user will ensure persons attending the event or activity park in designated parking areas.
10. The user will ensure that persons attending the event or activity will comply with all federal, state, and local laws, regulations and licensing requirements, including fire codes and the Americans with Disabilities Act, and shall hold harmless and indemnify the School Board with respect to any claim, loss, injury or damage allegedly arising from a violation of such laws.
11. The user will ensure no gambling activities will take place during the event or activity.
12. A school employee may be required to be present for the use of school facilities. In the event a school employee is required to be present, the user will be billed for each hour of service at an overtime rate.
13. No non-school-sponsored event or activity scheduled by an individual, group, or organization will take place if schools are closed or dismissed early due to weather, emergency situations, facilities problems, or other unforeseen conditions. Under these conditions all scheduled use of the facilities for non-school-sponsored events or activities will be cancelled. Fees will be refunded.
14. The user must notify the principal of the school at least 24 hours in advance if the scheduled event or activity is being cancelled by the individual, group, or organization which has requested the facility use. Fees may not be refunded if cancellation notification is not provided at least 24 hours in advance of the scheduled use of the facility.
15. Possession or consumption of alcohol in all school facilities or anywhere on school property is prohibited by Virginia Code § 4.1-309. Tobacco and controlled substances are prohibited and shall not be used in school facilities or anywhere on school property. Possession of firearms, certain knives and other is also restricted by law in School Facilities and on school property. The user will ensure that any person who possesses, uses, or appears under the influence of alcohol, tobacco or controlled substances, or who possesses a firearm, knife, or other weapon is escorted from the property. The user will contact a school or school division administrator immediately in the event any of the violations listed occur. Contact information for school and school division administrators will be included in the approval notice for the facilities use request.
16. Any problems with school facilities will be reported as quickly as possible to a school or school division administrator. Contact information for school and school division administrators will be included in the approval notice for the facilities use request.

COMMUNITY USE OF SCHOOL FACILITIES – RATE CHARGE/FEE SCHEDULE

Refer to the USER CATEGORIES designations in order to determine which fees would be charged for the use of school facilities for non-school-sponsored activities or events. Unless otherwise specified, any charges are to be paid in advance of the use of the facilities. Checks should be made payable to **Rockbridge County Public Schools**. Checks may be mailed to 2893 Collierstown Road, Lexington, VA 24450 to the Attention of: Division Superintendent.
